MY AMAZING SCHOOL

My school is UWAMAHORO SECONDARY SCHOOL. It was set up in 1945. Caritas UWAMAHORO donated five acres of land and money to build it. It is located ten kilometers from MUHANGA town.

A man –made forest ,a garden and playground surround my school .The school is made up of two beautiful rows of a three-storey building .This is where the classes are .There is another big structure that houses the staffroom and the library. The staffroom structure makes the school landscape , from the sky ,look like a perfect letter U.

The Head teacher 's office and the clerk's office are at the back of the building .Also ,there is a laboratory ,teachers' common –rooms and scouts room .We also have a hostel where we sleep.

We have twenty-three teachers , a storekeeper ,a librarian ,an accounts clerk, three cooks and two guards .All the teachers in the school are highly qualified and experienced .The head teacher teaches History and Geography .Her deputy teaches English and literature .I like studying Mathematics and English.

We have about four hundred and fifty students in our school .Our school uniform consists of white shirts and brown trousers for boys .The same colors apply for the girls white blouses and brown skirts.

Classes begin at 8 a.m .After the assembly , and run up to 5 p.m. We have a total of nine periods of forty –five minutes each. We usually get a short break of fifteen minutes And a longer one of thirty minutes .We usually have a library period in our weekly routine .We borrow books from our library and return after a week.
